

BINDERS for the new format *NEWSLETTER* 97

The Society's Committee has examined a specimen of a "Cordex" Binder and has agreed that similar binders should be made available to members. Each will hold 13 copies, enough for four years and a possible index. The illustration shows a binder and the method of inserting copies. The binders are covered in a synthetic material and are washable.

For a minimum collective order of 50 binders the cost, including "Newsletter" attractively blocked in gold on the spine will be £3.50 each. To safeguard the Society's finances, orders will be retained until at least 50 copies are required. The binders will then be ordered, will be ready in about one month and will be available for collection on payment from an office reasonably near the town centre. Members will be advised when the binders are ready.

AN ORDER FORM IS ENCLOSED WITH THIS COPY OF THE *NEWSLETTER*.
Fill it in NOW !

The 'Cordex' Binder

Binding Instructions

1. Open magazine at the centre.
2. Stretch first cord on the left away from the spine.
3. Slip magazine under and release cord so that rests along the centre fold.

Insert subsequent copies in a similar manner and move over gently to the left-hand side of the binder.

The cords are specially made from bonded nylon of great strength and durability and they are attached to strong springs.

They may be stretched 3" to 4" from the spine to allow easy insertion or removal of copies.

Safeguard your early *Newsletters*

Budge Adams has offered to fit a plastic comb spine and protective cover sheets to your collection of the original A4 *Newsletters* and at the same time will also provide permanent plain self-adhesive labels for members to write and fix to the spine and front board. The cost of this is £1, of which half will go to the Society's funds.

If you are interested, take your copies to 24 Castle Avenue, after phoning 208008 to see if he is "in," and arrangements will then be made for their return to you.

My own copies have been secured in this way and I recommend the process to the membership.
